THE SUI-FOOD PROJECT

(START-UP INTERNATIONALISATION IN THE AGRIFOOD INDUSTRY)

The SUI-FOOD project brings together 6 partners from 5 Erasmus+ countries (Spain, Estonia, Poland, Romania and Turkey). All partners are related directly or indirectly to the project coordinator for having cooperated before in different projects at national or EU level and for having common priorities and strategies on the support of local agribusiness internationalization by providing high quality VET resources.

The specific goals of The SUI-FOOD are:

1. To draft and validate a qualification standard profile for an internationalisation manager in the agrifood industry; including a description of the required knowledge, skills and competences needed for small and medium enterprises (SMEs) to internazionalize.
2. To develop an e-learning platform containing the required knowledge, skills and competences needed to promote efficient internationalization.
3. To give free and open access to the SUI-FOOD traning platform to target groups, increasing therefore the local agrifood industry competitiveness.

Target Groups

- Agrifood start-ups and entrepreneurs
- Young people/unemployed/people seeking for training on internalization
- Vet schools and agrifood stakeholders
